About Actian

Confidently Accelerate Your Organization's Growth with Actian

Actian enables customers to make confident, data-driven decisions that accelerate their organization's growth. How? Through a cloud data platform that integrates seamlessly, delivers reliable performance, and scales at industry-leading speeds. We partner with customers so they can generate greater value from their data, and make more efficient and effective business decisions.

Why Actian?
Because Organizations Trust Us

Make trusted, data-driven decisions by simplifying how you connect, govern, and analyze data. With Actian, you can access a time-tested, proven suite of products to strategically grow your business, improve operational efficiency, make informed decisions, and keep pace with exponential change.
To make confident decisions, you need to trust your data.

Trusted Data Expertise

Benefit from a broad portfolio of groundbreaking patents, a history of industry firsts, and decades of experience building mission-critical solutions that customers trust to power their business.

Gain Better Insights Faster With Modern, Trusted Products

We have products to meet specific business, data, and IT needs, no matter how advanced or specialized. Embrace what's next with confidence with Actian products.

How Your Peers Drive Outcomes with Actian

The AA

The insurer enhances and analyzes data on the Actian Data Platform. It then delivers a risk-balanced, competitive insurance quote in fractions of a second.

Aeriz

The Actian Data Platform enabled an 80% reduction in time spent by a full-time employee on data access and aggregation.

Marvell NanoLab at University of California, Berkeley

Actian Ingres offers a 360-degree view of members, equipment, preventative maintenance, and lab suppliers, helping to develop the next generation of nano fabrication tools.

Lufthansa Systems

Each day, Lufthansa Systems depends on Ingres and OpenROAD to ensure over 30,000 flights go smoothly for airlines worldwide through its Lido Flight Planning System.

Actian Data Platform
Use One Platform for Unlimited Insights

The Actian Data Platform is a fully integrated suite of data products—for everyone. Get unified data integration, warehousing, and analytics in a single platform across your entire hybrid environment at unmatched price-performance.

Actian Ingres
Benefit from Ultra-Fast Performance

Scalable and reliable transactional and analytical database.

Actian NoSQL FastObjects
Enable Agile Development

Object databases with dynamic data model for enterprise-level and embedded systems.

HCL Informix®
Optimize a Fast, Resilient, Secure Database

Highly secure multi-model database with cost-optimized performance at scale, offered in the cloud as OneDB.*

Actian Zen
Simplify Edge-to-Cloud Data Management

Low maintenance embedded edge database.

Actian DataConnect
Make Data Integration Easy

Highly scalable hybrid integration and quality solution.

Actian Vector
Perform Faster Analytics for More Users

High performance in-memory columnar analytics database.

Actian DataFlow
Accelerate Analytic Workflows

High-performance data extraction, transformation, and loading.

OpenROAD
Deliver Modern Apps Faster

Object-oriented rapid database app development.

VoltMZ
Enable Everyone to Build Apps

Low code app development platform.

Actian Leadership Across the Decades

1970s	1980s	1990s	2000s	2010s	2020s

1972
Ingres originates at UC Berkeley

1980
Ingres commercialized

1982
Btrieve (Zen) database developed by SoftCraft

1988
Integration technology originates at Tools and Techniques, later Data Junction

1996
Btrieve becomes Pervasive Software

1998
Data Junction delivers integration rooted in ETL

2003
Pervasive acquires Data Juction

2005
Ingres Corporation launched

2008
Pervasive DataCloud first gen iPaaS

Vectorwise Vector Execution Model

2010
Ingres acquires Vectorwise

2011
Changed name to Actian

2012
Actian acquires Versant NoSQL

2013
Actian acquires Pervasive and ParAccel

2017
ActianX launched

2018
Actian acquired by HCL and SEP

2019
Avalanche launched on AWS and Azure

2021
Avalanche launched on Google Cloud with separation of storage and compute

Major releases on all Actian products. Actian wholly owned by HCL Technologies

2022
HCL Informix, OneDB, HCL Link, and ITX added to Actian portfolio

Actian DataConnect 12 enhances data quality and adds hybrid capabilities, supporting cloud and on-premises integration

2023
Avalanche renamed to the Actian Data Platform and adds data API connectivity and selfserve data quality and transformation.

2024
Major releases for Actian Ingres and Actian Zen.

Actian Ingres and Actian X are now both referred to as Actian Ingres.
